Bollinger announces new provider network for Group Dental Program

Bollinger's group dental insurance program has changed its preferred provider network to the NovaNet/Aetna Dental Administrators network of providers. This network change significantly increases the number of dental providers in Bollinger's program. With a nationwide network of 73,000 providers, the NovaNet/Aetna network offers 3,700 providers in NJ and 5,000 in PA.

Joseph Mignon, Executive VP in Bollinger's Benefits Division said, "We are excited to offer this expansive dental network to our existing clients and invite brokers to contact us to discuss our group dental program in more detail." The program is fully insured by Monumental Life Insurance Company, which is currently rated A+ (Superior) for financial strength and operating performance by A.M. Best Co. (Ratings and Analysis 2007).

Bollinger is the nation's 20th largest insurance broker, generating over \$100 million in commission revenues. Bollinger's reputation has long been associated with specialty products, including student insurance plans for K-12 schools and colleges, athletic programs and its golf and country club insurance program. The agency is also one of New Jersey's largest providers of personal, commercial and employee benefits insurance for individuals and businesses.
